- Arthrodesis
- Hip and elbow dysplasia
- Hip and elbow replacement
- Angular limb deformities
- OCD
- Laser therapy
- Platelet rich plasma and stem cell therapy

## general surgery

- Ear canal surgery
- Tie-backs and airway surgery
- Thoracotomy
- Neoplasia and wound surgery
- Urethrostomy
- Hernia and rupture repair
- Maxillectomy and mandibulectomy
- Extra-hepatic portosystemic shunt occlusion
- Endoscopy
- Laser surgery

## our services

West Midlands Referrals are purely referral and welcome a very wide range of cases in orthopaedic surgery, ophthalmology, soft tissue surgery, neuro surgery and imaging. We have a 64-slice CT scanner, Doppler ultrasonography and both DR and CR radiography. We provide a high quality, efficient and friendly service at an exceptionally competitive price.

We are comprehensively equipped to provide surgical and ophthalmological treatment. We provide diligent aftercare including close patient supervision overnight when required. We supply a written report and aftercare plan and we are available 24-7 to support you and your clients.

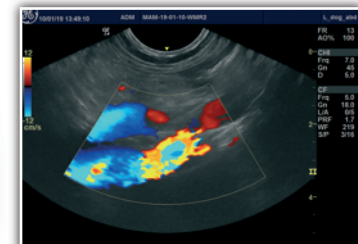

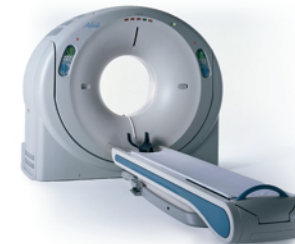

We are pleased to offer free advice on cases or radiographs. Unlike most referral centres, our fixed prices for surgery include all follow up consultations and radiological examinations, and some follow up consultations are included for selected elective ophthalmological surgeries.

**WM** West Midlands Referrals

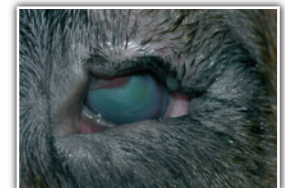

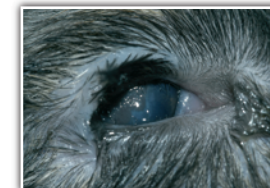

## imaging

- 64 slice CT scanner
- DR and CR digital radiography
- Doppler ultrasonography
